

**PROVIDING ANODIZING SERVICES
FOR OVER 97 YEARS**

Chromic - Dichromate Seal

Chromic - Water Seal

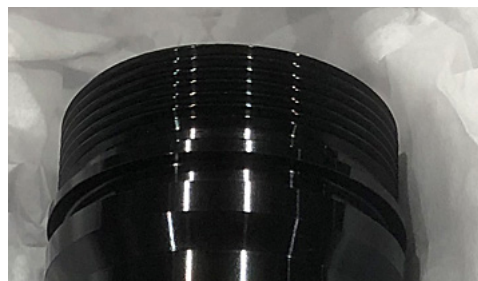

Sulfuric - Clear Finish

**Need To Solve a
Tough Anodizing
Problem?**

**Put Our Techs To
Work On It!**

- Our experienced techs provide consistent, uniform anodizing while carefully protecting your aluminum alloy parts, including 2024, 6062, and 7075 aluminum.
- Erie Plating Company has developed unique Nadcap-accredited anodizing processes, and some cases "boutique" electrochemical processes, that create a thin aluminum oxide film, which preserves and protects your aluminum components.
- Call us today for job-development discussion and quotation.
