

## QUALITY PASSIVATION FOR OVER 50 YEARS

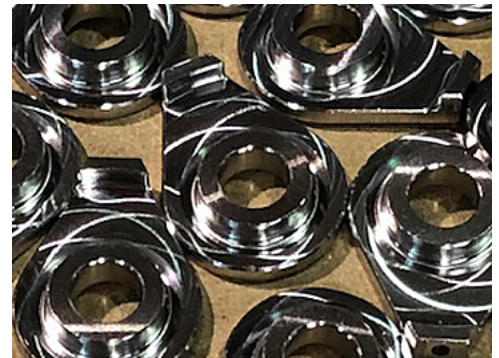

### ASTM-A967, AMS-2700, AMS-QQ-P-35, QQ-P-35, ASTM-A380

- From initial receipt to final packing, our trained techs use special care to protect your unique parts.
- We provide consistent nitric or citric passivation of stainless steel alloys for cleaning and protecting your parts. The final result is a clean and transparent surface that increases the metal's natural corrosion resistance.
- Proudly serving Aerospace, Military, Medical, and Industrial customers.
- Call us today to experience right-the-first-time parts, on-time delivery, and your satisfaction with our work!

### Special Offer:

Call us and we will arrange to process and test run your parts for your evaluation, review, and approval.

### Full-Service Metal Finisher:

- Barrel Zinc; Barrel Nickel; Barrel Tin
- Barrel Silver on Stainless
- Aluminum Anodize; Trivalent or Hexavalent Chromium (Chem Film)
- High Cosmetic Quality Polish and Decorative Chrome
- Cadmium
- Speciality finishes/services: Masking, Polishing, Packaging, Testing etc.

*"We have entrusted our plating work to Erie Plating for more than 30 years.. Having worked with them so closely my whole career, there is no other company I could endorse as strongly."*

*Ted Simpson  
Supply Chain Manager,  
PennEngineering*

*"Erie Plating Company has been a trusted business partner for over 25 years. You can count on Erie Plating to collaborate with you to develop a cost-effective plating solution."*
